Pump Wood 80

takoon

Découvrez la Pump Wood 80, une version revisitée de notre modèle iconique, plus compacte, avec un tail rocker parfaitement plat et un nose rocker minimaliste. Fabriquée en paulownia, un bois noble que nous maîtrisons depuis des années et combinée à nos boîtiers de foil full carbone, elle offre des sensations explosives à chaque session, pour un prix tout...

Pump Carbon

takoon

La Pump Carbon est notre modèle iconique dédié au pumpfoil, décliné en deux tailles pour s'adapter à tous les riders et à toutes les pratiques : 80 cm et 90 cm. Pensée pour toutes les formes de pumpfoil — dockstart, beachstart, rockstart ou wakefoil — elle offre une rigidité exceptionnelle et une réactivité immédiate, essentielles pour maximiser chaque...

Pump Scoot Carbon

takoon

Le Pump Scoot a été conçu pour rendre le Pump Foil plus accessible, plus intuitif et plus rapide à apprendre, sans sacrifier les sensations de glisse et de vol. Son principal atout réside dans son guidon type scooter, qui apporte un véritable gain de stabilité et de contrôle dès les premières tentatives. Il permet de mieux gérer son équilibre, de se...
